Highline

We have designed a selection of generous SDA apartments. There are ten two-bedroom apartments and a one-bedroom apartment. Our apartments have the highest disability accommodation inclusions. There are structural provisions for ceiling hoists, they are Assistive Technology ready and have provision for automatic door operators.

Enliven Housing supports NDIS, Improved Liveability, Fully Accessible and High Physical Support categories. The apartments achieve Platinum level certification under Liveable Housing Design Guidelines and meet High Physical Support design requirements under the NDIS. You can join the Enliven Community Cooperative, a unique arrangement that offers a great way to get the most from your NDIS Core Support budget.

The Tenant controlled Cooperative gives you the opportunity to optimise shared support with other SDA funded residents in the complex. You can also get to know like-minded people who want to live their best life too.

On-site support may be available 24/7 based on the Community Cooperative needs via two-way communications with the support worker. Find out more about how our unique disability housing Living with Enliven model works.

Features
